

Rate limits

Standard API v1.1 rate limits per window

GET endpoints

The standard API rate limits described in this table refer to GET (read) endpoints. Note that endpoints not listed in the chart default to 15 requests per allotted user. All request windows are 15 minutes in length. These rate limits apply to the standard API endpoints only, does not apply to premium APIs.

Endpoint	Requests / window per user	Requests / window per app
GET trends/available	75	75
GET trends/place	75	75
